CENTRAL'S POOR TRAIN SERVICE **BURTS** THE BRONX

Have Been Raised and Trains Cut Down.

That the New York Central Railroad secrificing the train service between Beens stations and the Grand Centra station in order to being the through service up to a higher standard is the charge made to-day by William W. Ethes, a resident of Bedford Park, the appeared before Commissioner Eustis, of the Public Service Board, on Thursday. This hearing was not a public one, and dealt solely with the cutting out of stops in the Bronx and the reduction of train service between the

points involved. "Bronk commuters of the New York Central find a disposition on the part of the railroad company to discriminate at No. 11 Wall street. "If we do not the Public Service Commission we shall go to Gov. Hughes. The Central is gradually cutting down service and raising rates, and residents of the Bronx are not getting a source deal."

Little after, how long you suffered unnecessarily.

There will be no more indigestion that day—No lead in the stomach—No sour risings or Belching of Gas, no Heartburn, Flatulency or Eructantons of the Bronx are feeling of Nausea. Fullness Headunfairly against residents of that bornot getting a square deal.

get off at the Botanical Gardens station, ened stomach. formerly Bedford Park, a ride of ten miles from the Grand Central station. The rate for many years was \$6.50 for a fifty-ride ticket, good for one year. That made the single fare thirteen cents. Recently the company raised the rate to \$7.50 for fifty rides, or fifteen cents a trip. At the same time the service was cut down, and the Bronx commuters got the worst of it all around.

Discrimination Hurting the Bronx. "Incidentally the treatment the Bronx receives from the New York Central has been felt by the real estate owners and the merchants of the sections affected. Families take a lease on a Bronx house, and then quit in disgust as soon as possible because of the wretched train service. While we have confidence in the Public Service Commission, this matter has already gone

Mr. Niles said that sixteen trains stopped at Tremont, Fordham and Botanical Gardens stations of the New York Central, and pointed out that this was unfair, as Mt. Vernon has thirtyone trains daily, running at intervals to suit the needs of the residents.

"At the most active hour in the business morning there is a lapse of fortythree minutes between trains at the
Bronx stations. The \$.10 A. M. train is
always crowded, and if one should miss
if he must wait for the next train, at
\$.53. If a Manhattan business man happens to be late for the \$.20 P. M. train
from the Grand Central Station he
must wait until 7.30, and then probably
be too late for his dinner at home.
"The women are treated badly during
the daytime. If a woman wants to go
shopping she can take no train between 11.20 and 1.30 o'clock, a difference
of two hours and twenty-seven minutes. This is from the Botanical Gardens station. If a Fordham or Tremont woman wishes to visit the city
at midday she must choose between
the 11.06 and 2.31 trains.

Att Vernon Trains Should Serve ness morning there is a lapse of forty-

Mt. Vernon Trains Should Serve the Bronx. "It is almost impossible for a man

trains run from the Grand Central Station for the Bronx, one at 12.06 and another at 1.20 P. M.

"The Bronx does not ask for additional trains, but wants the Mt. Vernon thirty-one trains to stop at Fordham. Tremont and the Botanical Gardens, investigation of the D. L. & W. service to Newark, N. J., shows that they have fifty-seven trrains daily in either direction. This is to say nothing of the excellent service given to Newark by the Pennsylvania and oher roads."

The Bronx Civio League, of which Albert E. Davis, a real estate broker, is president, is urging the Hughes
